

IT'S TIME FOR A CHANGE.

A change to cleaner energy choices, to stable electricity rates that are managed by the people who use them, and to programs that benefit you.

It's time for San Diego Community Power.

San Diego Community Power

San Diego Community Power (SDCP) is here and we're happy to be serving your community! Being a part of San Diego Community Power is your chance to choose cleaner electricity at competitive rates. We put our communities first, helping you take a giant step toward a more sustainable energy future.

As of March 1, 2021*, San Diego Community Power became your default electric generation service.

You were automatically enrolled in our standard program tier, **PowerOn**, which is 50% renewable plus 5% greenhouse gas free. Priced competitively to what you were paying before, yet higher in renewables and lower in carbon than the power you've been buying from SDG&E.

WANT TO GO ALL-IN?

You can upgrade to our **Power100** service level for electricity that's 100% renewable and 100% carbon-free. **Power100** consists entirely of renewables like solar and wind power that are locally abundant and squeaky clean. Upgrading will mean that you're doing all you can to eliminate your carbon footprint through energy consumption.

Upgrade now and see how it feels—you can always go back to our standard service level if you change your mind. If you want to opt-out you can do that too, but we'd be sorry to see you go, because you'll be missing out on some program benefits we think are pretty important.

To learn more, visit our website: www.SDCommunityPower.org or call 1-888-382-0169

*March 1, 2021 began enrollment for Municipal accounts only. Commercial and Industrial accounts will begin enrollment in June 2021 and Residential accounts will begin enrollment starting in 2022. For more information on enrollment times please see the FAQ section of our website at www.SDCommunityPower.org/faq.

Here are the benefits that you can expect from San Diego Community Power:

- **Cleaner power at competitive prices** with tiered energy programs to support healthier communities
- **Local control by community representatives** who prioritize people and program transparency
- **Reinvestment of revenues into community programs** that support economic vitality
- **Local job creation** through funding of renewable energy projects close to home
- **Proven success**—more than 190 communities in the state are already saving money while reaching their climate action goals

Terms & Conditions of Service

San Diego Community Power electric generation rates are managed with the intention of providing cleaner electricity at competitive rates. Any changes to SDCP rates will be adopted at duly noticed public hearings of the San Diego Community Power Board of Directors. Changes to SDG&E or SDCP rates will impact cost comparisons between SDCP and SDG&E.

SDG&E charges SDCP customers a monthly Power Charge Indifference Adjustment (PCIA) and Franchise Fee Surcharge. SDCP has already accounted for these additional charges in calculating rates. View SDCP rates and SDG&E cost comparisons online at SDCommunityPower.org or by calling 1-888-382-0169.

BILLING: You will receive a single monthly bill from SDG&E that includes SDCP's electric generation charges. SDCP's electric generation charge replaces SDG&E's electric generation charge. SDCP's charge is not a duplicate charge or extra fee. SDG&E will continue to charge you for electric delivery services. If you opt-out of SDCP, SDG&E will resume charging you for electric generation.

ENROLLMENT: As the default electricity provider for the cities of Chula Vista, Encinitas, Imperial Beach, La Mesa, and San Diego, you will be automatically enrolled into San Diego Community Power service unless you opt-out at least five business days before your meter read date during the enrollment month. Accounts will be enrolled in SDCP's PowerOn on your regularly scheduled meter read on or after the first day of the enrollment month. You may choose to opt-up to Power100, which provides 100% renewable energy service at a slight premium.

To sign up for Power100, please visit SDCommunityPower.org or call SDCP at 1-888-382-0169.

For complete Terms and Conditions of Service, please visit SDCommunityPower.org or call SDCP at 1-888-382-0169.

San Diego Community Power

San Diego Community Power (SDCP) is here and we're happy to be serving your community! Being a part of San Diego Community Power is your chance to choose cleaner electricity at competitive rates. We put our communities first, helping you take a giant step toward a more sustainable energy future.

As of March 1, 2021*, San Diego Community Power became your default electric generation service.

Your city council cares about doing all they can to eliminate the City's carbon footprint through energy consumption and because of that Encinitas customers have been automatically enrolled in our premium program tier, **Power100**, which is 100% renewable energy and consists entirely of renewables like solar and wind power that are locally abundant and squeaky clean. It's also priced competitively to what you were paying before with SDG&E.

You can also opt-down to our **PowerOn** service level for electricity that's 50% renewable and priced competitively to what you were paying before, yet higher in renewables than the power you've been buying from SDG&E. But we think you'll agree that staying with **Power100** is our most effective tool to help you reduce your carbon footprint.

If you want to opt-out you can do that too, but we'd be sorry to see you go, because you'll be missing out on some program benefits we think are pretty important.
