

RESOLUTION NUMBER 2022-11

A RESOLUTION OF THE BOARD OF DIRECTORS OF SAN DIEGO COMMUNITY POWER APPROVING AND ATTESTING TO THE VERACITY OF THE 2021 POWER SOURCE DISCLOSURE ANNUAL REPORTS FOR POWERON AND POWER100 AND THE 2021 POWER CONTENT LABEL

A. San Diego Community Power (“SDCP”) is a joint powers authority formed pursuant to the Joint Exercise of Powers Act, Cal. Gov. Code § 6500 *et seq.*, California Public Utilities Code § 366.2, and a Joint Powers Agreement effective on October 1, 2019 (“JPA Agreement”).

B. Senate Bill 1305 was adopted in 1997 establishing an Electricity Generation Source Disclosure Program (“Power Source Disclosure Program”), which requires retail sellers of electricity to disclose to their customers each year the sources of electricity delivered to customers in the previous year and to annually submit a Power Source Disclosure Program report to the California Energy Commission (“CEC”).

C. SDCP is a retail supplier of electricity as defined by the Power Source Disclosure Program (20 C.C.R. § 1391(r)).

D. The Power Source Disclosure Program regulations were updated effective May 4, 2020 allowing the board of directors of a public agency providing retail electric service to approve at a public meeting the submission to the CEC of an attestation of the veracity of an annual report of each product’s Power Source Disclosure Program annual report and Power Content Label.

E. SDCP staff and consultants performed a detailed review of all power purchases completed for the 2021 calendar year, including an inventory of all renewable energy transfers within SDCP’s Western Renewable Energy Generation Information System account and transaction records.

F. Pursuant to California Code of Regulations section 1394.2, the SDCP Board of Directors is required to attest to the veracity of the 2021 annual report.

G. The SDCP Board of Directors held a public meeting on August 25, 2022 to consider approval and attestation of the veracity of the 2021 Power Source Disclosure Annual Report for the PowerOn and Power100 products and the 2021 Power Content Label.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of San Diego Community Power as follows:

Section 1. Recitals. The above recitals are true and correct.

Section 2. Approval and Attestation. The SDCP Board of Directors hereby approves the submission and attests to the veracity of the 2021 Power Source Disclosure annual report for SDCP’s PowerOn and Power100 products and the 2021 Power Content Label.

Section 3. Effective Date. This resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED at a meeting of the Board of Directors of San Diego Community Power held on August 25, 2022.

Joseph M. Mosca

Chair, Board of Directors
San Diego Community Power

ATTEST:

Megan Wiegelman

Secretary, Board of Directors
San Diego Community Power

Power Content Label reflects 2021 verified electric resources for SDCP.

This information is required by the California Energy Commission to be mailed to active SDCP customers.

The generation data represents energy procured during 2021 and is provided in the“Annual Report to the California Energy Commission: Power Source Disclosure Program.”

A portion of SDCP’s energy comes from clean, large hydroelectric power stations. Under California law, large hydroelectric power stations do not qualify as eligible renewable resources.

Percentages may not total 100% due to rounding.

Unspecified Power ²	33.3%	0.0%	6.8%									
TOTAL	100.0%	100.0%	100.0%									
Percentage of Retail Sales Covered by Retired Unbundled RECs ³ :			0%	0%								

¹The eligible renewable percentage above does not reflect RPS compliance, which is determined using a different methodology.

²Unspecified power is electricity that has been purchased through open market transactions and is not traceable to a specific generation source.

³Renewable energy credits (RECs) are tracking instruments issued for renewable generation. Unbundled renewable energy credits (RECs) represent renewable generation that was not delivered to serve retail sales. Unbundled RECs are not reflected in the power mix or GHG emissions intensities above.

Who is San Diego Community Power?

San Diego Community Power (SDCP) is a community-owned organization that provides affordable clean energy and invests in the community to create an equitable and sustainable future for the San Diego region.

As the second largest Community Choice Aggregator (CCA) in California, we are leading by example, inspiring innovative solutions to climate change by powering our communities with clean affordable energy while prioritizing equity, sustainability, and high-quality jobs.

Upgrade to Power100

San Diego Community Power proudly offers Power100 – our optional service level that is 100% clean and 100% carbon-free.

Power100 consists entirely of renewables like solar and wind power.

Enrolling in Power100 means that you’re doing all you can to eliminate your carbon footprint from energy consumption.

Upgrade for only \$0.0075 more per kWh – less than \$4 more per month for a typical home*!

*Based on a typical household monthly usage of 500 kWh. Your actual cost will vary depending on your usage.

Get paid to save energy through our partnership with OhmConnect

Hey! Did you know powering a clean energy future has never been easier?

Yea, now I know where my energy is coming from! 🤔

San Diego Community Power (SDCP) is helping power a clean, affordable energy future.

We offer you clean energy choices and competitively priced electricity to create a more equitable and sustainable region.

As your Community-Based Clean Energy Provider, we are sharing with you what our clean energy looks like – look inside!

*No purchase or payment necessary to enter or win this sweepstakes. Prizes cannot be exchanged for cash or other monetary value or credit. Official rules available on SDCommunityPower.org/CPP.

*No es necesario realizar ninguna compra o pago para participar o ganar este sorteo. Los premios no se pueden cambiar por dinero en efectivo u otro valor monetario o crédito. Reglas oficiales disponibles en SDCommunityPower.org/CPP.

*Walang kinakailangang pagbili o pagbabayad para makapasok o manalo sa sweepstakes na ito. Ang mga premyo ay hindi maaaring palitan ng cash o iba pang halaga ng pera o kredito. Available ang mga opisyal na panuntunan sa SDCommunityPower.org/CPP.

Take a Few Minutes to Help Power a Clean Energy Future for All!

We are creating our first ever Community Power Plan that will guide the development and reinvestment of millions of dollars into local programs that help meet community needs for the next five years! We want to know the goals, priorities, and needs of you and your community. Your feedback is invaluable and will ensure we are powering a clean energy future for everyone.

Tell us what's important to you by taking a short survey. Scan the QR code or visit
