Original Adoption Date: May 25, 2023

Subject: Investment Policy

Purpose: The San Diego Community Power (“SDCP”) Investment Policy (“Policy”) establishes investment guidelines for protecting SDCP’s cash reserves, deposits, and investments (“Funds”) while producing a reasonable rate of return on investments.

The Policy articulates: (1) the objectives and priorities for SDCP investments; (2) the types of investments that are permitted and prohibited; and (3) the controls SDCP will implement to ensure assets are protected.

This Policy is adopted pursuant to California Government Code Section (“Section”) 53600-53608 and must be adopted or amended by resolution. The SDCP Board of Directors (“Board”) is not required to adopt a formal Investment Policy by statute, however, it is in the best practice to ensure agency assets are protected.

Background

On October 1, 2019, the Founding Members of San Diego Community Power (SDCP) adopted the Joint Powers Agreement (JPA) which was amended and restated on December 16, 2021.

Section 3.2.12 of the JPA specifies that the SDCP Board of Directors (Board) may at its discretion adopt rules, regulations, policies, bylaws and procedures governing the operation of SDCP.

Further, Section 4.5.5 of the JPA states that one of the general purposes of the Board is to set policy.

Section 5.10.2(C) of the JPA finally states one of the primary purposes of the Financial and Risk Management Committee (FRMC) is to review and recommend to the Board financial policies and procedures to ensure equitable contributions by Parties consistent with a recommendation for Board approval of the Investment Policy herein. Further, this section states the FRMC may have such other responsibilities as may be approved by the Board, including but not limited to advising the Chief Executive Officer on fiscal and risk management policies and procedures, rules and regulations governing investment of surplus funds, audits to achieve best practices in corporate governance and selection and designation of financial institutions for deposit of SDCP funds, and credit/depository matters.

Investment Objectives

To the extent possible, investments will align with SDCP's mission, vision, value, and goals. When managing Funds, SDCP's primary objectives shall be to (1) safeguard the principal of the Funds, (2) meet the liquidity needs of SDCP, (3) achieve a return on funds invested, and (4) exercise a high standard of care on Funds within SDCP's control.

- 1) **Safety:** Safety of principal is the foremost objective of cash and investment management activities. The investment of Funds shall be undertaken in a manner that seeks to ensure the preservation of principal.
- 2) **Liquidity:** The Funds of SDCP shall remain sufficiently liquid to meet all operating needs that may be reasonably anticipated. Since all possible cash demands cannot be anticipated, the investment of Funds in deposits or instruments that are available on demand is recommended.
- 3) **Return on Investments:** SDCP's deposit and investment portfolio shall be designed with the objective of attaining a market rate of return throughout the economic cycle while considering investment risk and liquidity constraints. The return on deposits and investments is of secondary importance compared to the safety and liquidity objectives described in Investment Objectives, Section A and Investment Objectives, Section B, above.
- 4) **Standard of Care:** SDCP will manage Funds in accordance with the "Prudent Investor Standard" pursuant to California Government Code Section 53600.3¹ as follows:

"All governing bodies of local agencies or persons authorized to make investment decisions on behalf of those local agencies investing public funds are trustees and therefore fiduciaries subject to the prudent investor standard. When investing, reinvesting, purchasing, acquiring, exchanging, selling or managing public funds, a trustee shall act with care, skill, prudence and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency. Within the limitations of this section and considering individual investments as part of an overall strategy, investments may be acquired as authorized by law."

¹ All further statutory references are to the California Government Code unless otherwise stated.
