2023 Procurement Counsel Legal Services RFP ("RFP") as issued on September 8, 2023

Questions & SDCP Responses

Note: Similar questions have been consolidated for purposes of efficiency. Questions and responses are not presented in any particular order. Questions submitted after the 9:00 A.M. PDT deadline on September 22, 2023 have not been addressed.

1. **Question:** On pages 4 and 5, under "D. Miscellaneous, Part 1" we are asked to review an attached Professional Service Agreement. On page 8, under "XI. Attachments" the sample PSA is not included. Can SDCP provide the Professional Service Agreement for review?

Answer: The references to a Professional Services Agreement ("Agreement") have been removed from the RFP announcement and the revised announcement has been posted to SDCP's website. There is not a standard Professional Services Agreement that SDCP needs to use for this RFP. SDCP plans to engage with outside counsel(s) under a standard engagement letter(s) from the firm(s). SDCP will require the inclusion of language to specify a do not exceed amount without prior approval by SDCP, such amount to be negotiated prior to execution of any contract for services.
