

WELCOME TO SAN DIEGO COMMUNITY POWER

Serving our communities with cleaner,
renewable energy at competitive rates.

Visit us at SDCommunityPower.org

Hello neighbor - welcome to the neighborhood!

We're **San Diego Community Power (SDCP)**, your local provider of electricity that is bringing you cleaner energy at competitive rates. As a locally managed, community-based public agency, we put our communities first, helping you take a giant step toward a more sustainable energy future. We focus on what our communities need and want most when it comes to their energy.

When you started electric service, San Diego Community Power became your new electric generation service provider – meaning we purchase renewable power, like solar and wind, and provide it to you at competitive rates through the existing electric grid.

How It Works

SDCP

Buys electricity from renewable resources

SDG&E

Delivers power and maintains the grid

YOU GET

Cleaner power, local control, and competitive rates

Benefits that you can expect from San Diego Community Power:

- Competitively priced, cleaner, renewable power
- Energy programs tailored to meet the needs of San Diegans
- Local control by local representatives who prioritize people and our communities
- Reinvestment of revenues into the communities we serve
- Support of local job creation and development of local renewable energy projects

On behalf of everyone at SDCP, we are excited to serve your community with clean and renewable energy!

Your Energy. Your Choice.

Being a San Diego Community Power customer means you can now choose clean energy.

PowerOn — at least 50% Renewable

When you were automatically enrolled into our service, you started receiving our standard service offering, **PowerOn**, which provides at least 50% renewable energy and is priced competitively to San Diego Gas & Electric (SDG&E).

Power100 — 100% Renewable

If you want to further reduce your carbon footprint from energy consumption, you can choose to upgrade to **Power100**, providing 100% renewable and carbon free energy for a small premium of less than \$4 per month for a typical home.

At any time, you can always choose to **opt out** and return to SDG&E service.

Terms & Conditions of Service

San Diego Community Power electric generation rates are managed with the intention of providing cleaner electricity at competitive rates. Any changes to SDCP rates will be adopted at duly noticed public hearings of the San Diego Community Power Board of Directors. Changes to SDG&E or SDCP rates will impact cost comparisons between SDCP and SDG&E.

All SDG&E and SDCP customers pay a monthly Power Charge Indifference Adjustment (PCIA) and Franchise Fee Surcharge. SDCP has already accounted for these after-market charges in calculating rates. View SDCP rates and SDG&E cost comparisons on our website.

ENROLLMENT: SDCP is the default electricity service provider for the cities of Chula Vista, Encinitas, Imperial Beach, La Mesa, National City, San Diego, and the unincorporated areas of San Diego County. Accounts are automatically enrolled into San Diego Community Power service when electric service is started at a new premise. Customers may choose to opt up to Power100, which provides 100% renewable energy service for an additional \$0.0075 per kWh.

BILLING: You will receive a single monthly bill from SDG&E that includes SDCP's electric generation charges. SDCP's electric generation charge replaces SDG&E's electric generation charge. SDCP's charge is not a duplicate charge or extra fee. SDG&E will continue to charge you for electric delivery services. If you opt out of SDCP, SDG&E will resume charging you for electric generation.
