

# SAN DIEGO COMMUNITY POWER REQUEST FOR PROPOSALS (RFP)

for

## Managed Charging (“V1G”) Software

In accordance with V1G RFP Section VI (Reservation of Rights), SDCP amends the RFP as follows:

### **1. Amended Section IV (Proposal Submission Deadline)**

“Proposals should be submitted electronically to SDCP. Narrative portions of the proposal should be submitted as a single PDF document. The functional (Attachment C) and Pricing Workbooks (Attachment D) should be submitted as native Excel (.xlsx) files. All files must be submitted as a single PDF document using the online Proposal Submissions Form, which can be accessed by using the following hyperlink:

<https://forms.monday.com/forms/79f45ff79967a50d6d30de7664acc6fb?r=use1>.”

### **1. Amended Section V.B (Content and Format of Proposal)**

The language in Section V.B has been adjusted for consistency to reflect submission requirements consistent with Section IV:

“Proposals shall be concise, well organized, and demonstrate qualifications and applicable experience and approach necessary to provide the required scope of contemplated Services. Ideally, proposals should use Calibri 12-point font, be single-spaced with 1-inch margins. Proposals should be submitted in Adobe PDF format. Proposers should submit their following narrative portions of the proposal PDF as a single PDF, and include the following items shown in this section, and in the order listed as a PDF:”

The following additional language in Section of V.B has been added for clarity:

“The following portions of the proposal should be submitted as two separate Excel (.xlsx) files:”

### **2. Amended Attachment A (Footnote 1)**

Footnote 1 was inadvertently left out of Attachment A. The Attachment footnote has been added into Addendum #1 and should display:

“SDCP will only consider integrations that are sanctioned by the vehicle OEMs for commercial use. Managed charging capabilities that rely on customer APIs (either directly or through a third-party service) designed for use by vehicle owners will not be considered in assessing proposals.”
