

POWER100 GREEN+ PROSPECTIVE POWER CONTENT LABEL

Who is San Diego Community Power?

San Diego Community Power is your community-driven clean energy provider. We are a locally run, not-for-profit public agency serving the San Diego region with cleaner energy.

Power100 Green+ 2025 Prospective Power Content Label

Power100 Green+ provides 100% renewable, carbon-free, Green-e® certified energy. The chart below indicates which types of power Community Power sourced for Power100 Green+ customers in 2025.

2025 PROSPECTIVE PRODUCT CONTENT LABEL ¹		
Power100 Green+ matches 100% of your electricity usage. In 2025, Power100 Green+ will be made up of the following new renewable resources averaged annually.		
Green-e® Energy Certified New ² Renewables in Power100 Green+ 2025		Generation Location
-Biomass		
-Geothermal		
-Low impact hydroelectric ³		
-Solar	50%	Imperial County, California
-Wind	50%	New Mexico
Total Green-e® Energy Certified New Renewables	100%	
<p>1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historical Product Content Label the actual resource mix of the electricity you purchased.</p> <p>2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.</p> <p>3. Eligible hydroelectric facilities are defined in the Green-e® Renewable Energy Standard for Canada and the United States (http://www.green-e.org/standard) and include facilities certified by the Low Impact Hydropower Institute (LIHI) (www.lowimpacthydro.org) or EcoLogo (www.ecologo.org); and facilities comprised of a turbine in a pipeline or a turbine in an irrigation canal.</p> <p>For comparison, the current average mix of resources supplying San Diego Gas & Electric ("SDG&E") service area includes: Coal 0%, Nuclear 0%, Oil 0%, Natural Gas 58.4%, Hydroelectric 0.2%, and Other 0%. This resource mix was prepared in accordance with the Power Source Disclosure Program.</p> <p>The average home in San Diego Community Power/San Diego Gas & Electric service area uses 341 kWh per month. This is based on SDG&E and Community Power's jointly published rate comparison for TOU-DR-1 rate schedules as of February 1, 2025.</p> <p>For specific information about this product, please contact:</p> <p>San Diego Community Power (888) 382-0169 customerservice@sdcommunitypower.org sdcommunitypower.org</p>		
The Green-e Energy Certified logo, featuring a stylized green 'e' inside a circle with the text "Green-e CERTIFIED Energy".
