

Solar Battery Savings Program

Approved Battery Manufacturers & Battery Models

Battery Manufacturer	Battery Model	Nameplate Usable kWh	T&Cs Required ¹
FranklinWH	aPower X aPower 2 aPower S	13.6 15 15	No
Tesla	Powerwall 3 Expansion Pack ²	13.5 13.5	Yes
Enphase	3T 5P 10T 10C	3 4.5 9 9	Yes

¹ OEM Terms & Conditions (T&Cs) will be available under 'Templates' in the contractor portal.

² Expansion Packs will be incentivized at 50% of the applicable incentive rate as they add usable energy capacity but do not increase power output. In the contractor portal, Expansion Packs will display as half their nameplate usable capacity for incentive calculation purposes. A maximum of two Expansion Packs per Powerwall may be installed. Expansion Packs are only incentivized in conjunction with a new installation of a Powerwall; Expansion Packs added to an existing Powerwall will not be incentivized.
