Advice Letter 38-E
(San Diego Community Power)

California Public Utilities Commission
Energy Division
Attention: Tariff Unit

**Subject: SAN DIEGO COMMUNITY POWER MONTH AHEAD LOCAL RESOURCE
ADEQUACY WAIVER REQUEST FOR MARCH 2026
(PUBLIC VERSION)**

Purpose

Pursuant to California Public Utilities Commission (“Commission”) and in accordance with Section 27 of the Commission’s *2026 Resource Adequacy and Slice of Day Guide* (“2026 Filing Guide”), San Diego Community Power (“SDCP”) hereby submits this Tier 2 Advice Letter seeking a waiver of penalties associated with a portion of its month-ahead Local Resource Adequacy (“RA”) procurement obligation for the March 2026 compliance month. SDCP further requests that the Commission assess no penalty on SDCP related to its deficiency in procurement of its March 2026 Local RA Requirements (“RAR”). The specific Local RA requirements covered by this waiver request are market-sensitive and confidential and are provided to the Commission in Attachment A to this Advice Letter.

Background

As detailed in the Declaration of Asikeh Kanu,¹ Senior Portfolio Manager, SDCP has reasonably and in good faith solicited bids and has diligently pursued all commercially reasonable efforts to acquire resources necessary to meet its March 2026 Local RA obligation. Despite these efforts, SDCP was unable to procure all of the Local RA resource capacity to satisfy its March 2026 obligation for the San Diego-Imperial Valley (“SD-IV”) local RA area.

On October 31, 2025, SDCP submitted Advice Letter 34-E, requesting a waiver of 2026-2028 Local RA procurement obligations (“YA Waiver Request”).² At this time SDCP has not received disposition of this Advice Letter from the Energy Division.

Unfortunately, the market conditions and circumstances which led SDCP to file the YA Waiver Request have continued through to the present day. Thus, although SDCP has continued its many

and varied efforts to procure Local RA, it was not able to acquire Local RA sufficient for its March 2026 monthly filing requirement.

Legal Standard

D.06-06-064 and D.07-06-029 establish a waiver process whereby an LSE can request relief from its Local RA procurement obligation with a demonstration that it has made every commercially reasonable effort to contract for Local RA resources. D.19-06-026 requires that Local RA waiver requests be submitted to the Commission via a Tier 2 advice letter. A waiver request must demonstrate that the load-serving entity (“LSE”) actively sought products and either received bids with prices in excess of their proposed administratively determined local attribute price or received no bids. More specifically, an LSE’s waiver request must establish the following:

- (1) a demonstration that the LSE reasonably and in good faith solicited bids for its RAR capacity needs along with accompanying information about the terms and conditions of the Request for Offer or other form of solicitation, and
- (2) a demonstration that despite having actively pursued all commercially reasonable efforts to acquire the resources needed to meet the LSE’s local procurement obligation, it either:
 - (a) received no bids, or
 - (b) received no bids for an unbundled RA capacity contract of under \$51 per kW-year or for a bundled capacity and energy product of under \$73 per kW-year, or
 - (c) received bids below these thresholds but such bids included what the LSE believes are unreasonable terms and/or conditions, in which case the waiver request must demonstrate why such terms and/or conditions are unreasonable.

These requirements are necessary, but are not necessarily a sufficient condition, for the Commission to grant a waiver. The Commission will also consider other information brought to its attention regarding the reasonableness of the waiver request.³

Request for Waiver

SDCP’s waiver request meets both prongs of the requirement set forth in D.06-06-064. As documented in the YA Waiver Request, external factors continue to make it extremely challenging for SDCP to secure SD-IV resources. The San Diego area continues to be unique with respect to the proportion of overall system RA that must be met with SD-IV local RA resources. SDCP again emphasizes its belief that no further commercially reasonable efforts would have resulted in the necessary procurement before the compliance filing deadline. Further detail regarding these specific constraints is set forth confidentially in Attachment A.

SDCP undertook an aggressive procurement strategy to overcome local constraints and meet its Local RA requirements for the 2026-2028 multi-year compliance period. These efforts include: (1) contracting with a local developer for five battery storage projects that will, pending approval of

³ D.06-06-064, pp. 72-73; D.19-06-026, p. 59 (raising the local trigger price to \$51/kW-year); 2026 RA Filing Guide, p. 70-71.

deliverability, come online in 2027; (2) conducting an SD-IV Local RA RFO in February 2025; (3) conducting a 2026-2028 RA RFO in June 2025; and (4) bidding into SDG&E's 2025 RA RFO in September 2025. Despite these efforts, combined with continued bilateral outreach to local sellers, SDCP was only able to procure 73.6% of its 2026-2028 obligations. A more detailed description of SDCP's procurement efforts, as well as the terms & conditions of the solicitations, were included in the YA Waiver Request and are not restated in this waiver request.

Since the filing of the pending YA Waiver Request, SDCP has continued to undertake the same vigorous efforts to fulfill its compliance obligations. With respect to March 2026 Local RA obligations, these efforts include further bilateral outreach with suppliers of 2026 local RA. SDCP has one contract for Local RA for February through June that was signed in late December. As of January 15, SDCP continues to pursue leads for its remaining Local RA requirements.

SDCP requests that the Energy Division grant a waiver for any portion of SDCP's month-ahead Local RA procurement obligation for the March 2026 compliance month and assess no penalty, if applicable, on SDCP related to its deficiency in procurement of its March 2026 Local RAR.

Request for Confidential Treatment

SDCP requests confidential treatment for the Declaration of Asikeh Kanu, which is included with this Advice Letter as confidential Attachment A. SDCP makes this request pursuant to D.06-06-066, as modified by D.07-05-032 and D.08-04-023, which adopted the Energy Services Provider (“ESP”) matrix specifying categories of market-sensitive information that should be treated as confidential, and D.20-07-005 which finds that the market-sensitive information of CCAs shall be eligible for confidential treatment consistent with the ESP matrix.⁴

The Declaration of Erin Pennell, Senior Compliance Analyst, provides support for SDCP's claim of confidentiality over certain information included in the Local RA Waiver Request. The confidential material includes market-sensitive information regarding SDCP's current market positions and compliance obligations, entities with whom SDCP has negotiated and transacted, and price-related information that are all market-sensitive information. Accordingly, SDCP requests that the Declaration of Asikeh Kanu contained in Attachment A to this Local RA Waiver Request be treated as confidential. To the extent that the Commission has any different interpretation with respect to this request, SDCP respectfully requests that notice be provided to SDCP and that SDCP have an opportunity to provide any supplemental information necessary to maintain confidentiality of the Declaration.

Effective Date

SDCP requests that this Tier 2 Advice Letter become effective on February 14, 2026, which is 30 days after the date of submission.
