What are the Agreements?

Why are Franchise Agreements Important?

These valuable agreements dictate our local energy system use, design, and its costs

Concerns with the current utility

- **Highest rates in CA**
- **Hostility to clean energy**
- **Lack of cooperation**
- **No accountability**
- **Poor track record**

How do these agreements impact SDCP?

These agreements will influence the relationship SDCP has with the utility that is managing the billing, distribution and transmission side of our energy system

Impacts to SDCP

- **Energy rates**
- **Customer service**
- **Day to day operations**
- **Local clean energy development**
- **Community goals**

What can we do?

Support a Better Deal to:

- ✓ Foster Partnership
- ✓ Mandate Cooperation
- ✓ Ensure Accountability
- ✓ Meet Community Goals

What can we do?

- 1) Get Involved!
- 2) Send a letter
