## Community Power

Purchases electricity from renewable sources.

## SDG&E

Delivers power and manages services.

## You

Enjoy cleaner power at competitive rates.

# Welcome to the neighborhood!

We're San Diego Community Power, your community-driven clean energy provider. With the move to your new address, Community Power now generates the electricity you use.

# What to Expect as a Community Power Customer

This section explains the terms and conditions of your electricity generation service.

**Enrollment:** San Diego Community Power is the default electricity service provider for the cities of Chula Vista, Encinitas, Imperial Beach, La Mesa, National City, San Diego, and the Unincorporated County of San Diego. You will be automatically enrolled in Community Power service unless you opt out at least five business days before your meter read date during the enrollment month or your account's scheduled start date. To return to SDG&E service, visit our website at [SDCommunityPower.org](http://SDCommunityPower.org) or call 888-382-0169.

All accounts outside of the City of Encinitas will be automatically enrolled in Community Power's PowerOn service, which provides at least 50% renewable energy at competitive rates. You may choose to opt up to Power100, which provides 100% renewable and carbon-free energy at a slight premium, or you may choose to opt down to PowerBase, which provides our lowest cost, lowest renewable energy, intended to be most comparable to SDG&E's current base offering in price and renewable energy content. Accounts within the City of Encinitas will be automatically enrolled in Community Power's Power100 service.

You may choose to change your service level at any time. Any changes to your account's service level will take place at the time of your next regularly scheduled meter read date. To make changes to your Community Power electric service level, please visit our website at [SDCommunityPower.org](http://SDCommunityPower.org) or call Community Power at 888-382-0169.

**Billing:** You will receive a single monthly bill from SDG&E that includes Community Power's electric generation charges. Community Power's electric generation charge replaces SDG&E's electric generation charge; Community Power's charge is not a duplicate charge or extra fee. SDG&E will continue to charge you for electric delivery services. If you opt out of Community Power service, SDG&E will resume charging you for electric generation.

San Diego Community Power electric generation rates are managed with the intention of providing cleaner electricity at competitive rates. Any changes to Community Power rates will be adopted at duly noticed public hearings of the Community Power Board of Directors. Changes to SDG&E or Community Power rates will impact cost comparisons between Community Power and SDG&E.

All SDG&E and Community Power customers pay a monthly Power Charge Indifference Adjustment (PCIA) and Franchise Fee Surcharge. Community Power has already accounted for these after-market charges in calculating rates. View Community Power rates and SDG&E cost comparisons on our website at [SDCommunityPower.org](http://SDCommunityPower.org).

For complete terms and conditions of service and to view our Privacy Policy, please visit [SDCommunityPower.org](http://SDCommunityPower.org) or call Community Power at 888-382-0169.

# Your Energy. Your Choice.

Being a San Diego Community Power customer means you can make choices about your energy. You were automatically enrolled in **PowerOn**, our standard service plan that provides you with energy that is at least 50% renewable, but you can change your service plan or opt out and return to SDG&E service at any time.

Our standard, competitively priced service plan

Our premium, 100% renewable service plan

Our lowest-cost service plan

## What makes Community Power different?

Community Power is more than an energy provider. We're focused on what matters most to you — affordable, reliable energy from renewable sources. As a not-for-profit, our revenues are reinvested locally to:

Bring lower electricity rates to our customers

Expand renewable energy projects and improve reliability

Offer rebates and incentives that reduce emissions, lower bills and bring resources to underserved communities

To learn more about Community Power, change your service plan or opt out and return to SDG&E, visit our website at [SDCommunityPower.org](http://SDCommunityPower.org) or call 888-382-0169.
